MANAGER'S NOTES

MANAGEMENT

We now have a management team in the office and on property. Sharon in accounting, Kelly in office with residents and billing and Robin onsite with sales, Bliss and residents. We also want to say "THANK YOU" for being so understanding while we get the billing situation in order. It has definitely been a challenge!

AMENITIES

As a reminder the library, billiards room and exercise room are available by calling the office to reserve a time by appointment to use. We are doing our best to keep the amenities available during the COVID-19 Pandemic. Please help us by wearing a mask on property and within the common areas along with social distancing protocols. The only way we are able to have any amenities open is with your full cooperation. GREAT JOB!!

GUESTS

Please remember to wear your guest bracelets when visiting the pools, hot tub or amenities accompanied with the resident who invited you. THANK YOU!!

LAUNDRY ROOM

The Laundry room has been fully working since the power was restored through the main SES Project. As are the spa, and both pools since the heater was replaced at the family pool.

SOCIAL DISTANCING

Please remember to **wear your masks** and follow social distancing guidelines while at any gathering on property or common areas. This is for your protection as well as others. Anyone could be A-symptomatic and could unknowingly transfer to anyone exposed to them. "THANK YOU" for your cooperation in keeping everyone safe and active!!

BISTRO

We are happy to have **Donna Dorland** and **Connie Leamond** back heading up "The Bistro" on the 1st and 3rd **Tuesdays** of the month. All their hard work is by **donations** only. They are providing delivery of all meals so as to prevent large groups of people during the COVID-19 Pandemic.

TRASH

Trash pickup is every **Tuesday** by Republic. We advise to have cans on curb by 6 am for pickup. Green waste (**ONLY yard trimmings**) pickup is every 3rd Wednesday of each month. Please **DO NOT** place by curb earlier than the weekend prior to the Wednesday pickup. If green waste is

placed by the curb earlier than the weekend prior to the 3rd Wednesday, resident will be responsible for removing it. If residents continue to place green waste by curb soon after the Wednesday pickup, green waste pickup will be discontinued. We are looking to get the roll off dumpster in February for bulky items to be placed in by residents to help keep their yards free of unwanted/unneeded items that are NOT picked up by the maintenance team on their **Wednesday** pickup of **GREEN WASTE ONLY**.

REGARDING WATER LEAKS

Park maintenance is responsible for water leaks from **BELOW** the water meter and going to the mainline. **Residents** are responsible for ANY water issues **ABOVE** the water meter and going into the homes.

SALE OF HOMES

As per your Rules and Regulations paragraph 16 section A: **Anyone planning to sell their home in the Park, needs to be sure that management has inspected the home for Park approval to sell. **This responsibility should NOT fall upon a new homeowner****

From LIFE'S LITTLE INSTRUCTIONS

President's Corner

By Gari-Sue Greene

It came and it went. Welcome to 2021 with all the hopes and wonderment the new year has to offer.

I want you to know how difficult it is for me to write about things that have yet to happen. Christmas decorations have come down, been packed away until next year and I'm starting to see Valentine's Day decorations in the park.

We had riots in the Capitol, an inauguration of our new President and hopefully we will see more people getting vaccinated for the Covid-19 flu. I wish I could say our regular RCMHP activities will be re-open but everything is still on a wait-and-see basis.

The Bistro started serving wonderful lunches so thank you to Donna, Connie, and their crew for bringing back a favorite pastime.

The Rincon Roadrunner Board met in December but no plans for entertainment events have been scheduled. We did not have our New Year's Eve celebration around the pool.

People are still afraid to meet in public. I hope that changes.

Information regarding the Covid-19 vaccine are on the Net and also phone numbers have been assigned but the wait times are so long, more than 30 minutes, people just hang up. We all strive for patience as we wait to hear the vaccine will be available. In the meantime, practice good hygiene, wear your mask and maintain social distancing. Have a wonderful February and Happy Valentine's Day to everyone.

Never Forget Your Friends

By Norm McEvoy July 29, 2017

Submitted by Donna Leslie

A newlywed young man was sitting on the porch on a hot, humid day, sipping iced tea with his father.

As he talked about adult life, marriage, responsibilities, and obligations, the father thoughtfully stirred the ice cubes in his glass and cast a clear, sober look on his son.

"Never forget your friends," he advised, "they will become more important as you get older."

"Regardless of how much you love your family and the children you happen to have, you will always need friends. Remember to go out with them occasionally, do activities with them, call them ..."

"What strange advice!" Thought the young man. "I just entered the married world, I am an adult and surely my wife and the family that we will start will be the foundation for everything I need to make sense of my life."

Yet he obeyed his father. He kept in touch with his friends and annually increased their number & over the years, he became aware that his father knew what he was talking about.

Inasmuch as time and nature carry out their designs and mysteries on a man, friends were the bulwarks of his life.

After 60 years of life, here is what he learned:

Time passes.
Life goes on.
Distance separates.

Children grow up and become independent; it breaks the parents' hearts, but the children become separated from the parents.

Jobs come and go.

Illusions, desires, attraction, sex... weaken.

People don't do everything they should do.

The heart breaks. The parents die. Colleagues forget the favors. The races are over.

But true friends are always there, no matter how many miles away they are or for how long.

A friend is never more distant than the reach of a need, intervening in your favor, waiting for you with open arms or blessing your life.

When we started this adventure called LIFE, we did not know of the incredible joys or sorrows that were ahead. We did not know how much we would need from each other.

Love your parents, take care of your children, and keep a group of good friends, too.

A Family Tale - Part 2

By Gari-Sue Greene

This is the part of my story where I talk to you as if you were my children, very loved and very close to my heart.

My Gramma Sarah was a peach. She was the predominant parent in the home as my grandpa worked from early in the morning until dark, seven days a week. It was almost as though she was a single parent not unlike many women today. She gave everything for her children. She wore second-hand clothes (a real Goodwill shopper) although years ago that would be considered a Shanda on the neighborhood. Ask your Jewish friends what that means.

My Grampa Louie knew the only way his children stood a chance for a better life was to see they received a college education. He and Gramma Sarah scrimped on everything. Years passed and it was time for Bernie, Bailey and Harry to go to college. They filled out the entrance forms, they had excellent grades, but they were denied. Why, you might ask? Well, my little ones, it was because their last name was Greenstein and there was a quota on how many Jews were allowed to attend college.

Your Grampa Louie was a smart man. He hired a lawyer and had his name changed from Greenstein to Greene. That's why mommy's name is Gari-Sue Greene. Grandpa Louie fought hard for that name and so rather than change it, I have remained Gari-Sue Greene since the day I was born.

Uncle Bernie was the first to go to college. He and my dad, your Grampa Harry, went to school at the same time. Before I tell you about their college life, I want to tell you the history of their lives. Both of them were very musical. Bernie played the violin and Harry played the guitar, uke and piano. They had golden vocal cords and could sing harmony. They formed a two-man band. My children, dear ones, Bernie was born in 1910 and Harry was born in 1911. Bernie was born a healthy bouncing baby boy. Gramma Sarah thought you couldn't get pregnant

while you were nursing but nature played a trick on her and nine-months later, my daddy was born at 7 months; premature and very small. Gramma Sarah said she could hold him in the palm of her hand. But what to do with this baby, who most certainly would die. She told me she put my daddy in a cigar box on cotton batting and placed him on the oven door and lit a little fire and kept him warm. She nursed both children at the same time. What a wonderful woman she was.

Needless to say, Harry, my daddy, your Grampa survived. He was 5'1" at his tallest. He was a fighter and was very smart. Now to get back to the musical side of the family, Harry and Bernie formed a band. They were so talented. They played in speakeasys during prohibition and even played for Al Capone, a famous Chicago Mobster, in one of his speakeasys. I still have one of my dad's business cards. He died 2 days before his 90th birthday many years ago.

You should know that Grampa became a dentist in Chicago and also became an inventor. He was tired of getting bitten when taking dental x-rays and so in the 1940's, he invented the Snap-a-Ray and dentists still use it today. Of course, when the patent ran out, other manufacturer's came up with different designs, but your Grampa started it all.

As for his siblings, Bernard Greene became a very well know psychiatrist. He wrote many books and. He married Lee and they had two daughters. I lost touch with them years ago.

Bailey Bishop became a first grade teacher in an all-black school on the south side of Chicago. She also was a sculptress and many of her pieces sit in lobbies in Michigan Avenue high rises. You might ask me what I inherited. Well first I would have to tell you about your Gramma Esther and Abraham Lurie who immigrated from Poland.

Abraham was a wheeler dealer and a millionaire. You might ask, where did the money go...
