

Golf Cart Parade

**Sunday
December 13th
6:00 pm
In the parking lot**

Prizes will be awarded for 1st, 2nd and 3rd place. There is a possibility that we may have a chili cook-off prior to the parade but that is still in the talking process. We will advise you if it's a go.

A map for the golf cart route will be in the December View.

Everyone is welcome to join in the fun. Remember, 'Tis the season to be jolly....'

More details will be forthcoming. Mike Zimmer is coordinating this project.

MANAGER'S NOTES

Rincon County's owners and employees would like to take this opportunity to thank the residents for their patience and understanding during this mandatory Covid-19 transition. On or about November 2, 2020, we intend on reopening the following amenities on a limited basis. BILLARDS ROOM, GYM and LIBRARY. However, this is contingent on the status of the Covid-19 pandemic. Management retains the right to keep amenities closed for the health and safety of the community. We are committed to protecting residents and guests who may be susceptible to COVID-19. The restrooms located by the spa will have no access from the outside and, therefore, will be closed. However, the restrooms by the office are now open for your convenience.

The amenities will be by appointment only during the hours of 8 am to 3 pm, Monday thru Friday only. The final appointment available will be at 3 pm because the operating hours will be from 8:00 am till 4 pm. No one shall be allowed to stay past 4 pm. Call the office at 520-885-5251 to make your appointment. Keys will be distributed at that time if the resident has provided the necessary, signed release form. Only residents are permitted to use the amenities. Sanitizing products will also be available to disinfect equipment used during your session. You will be responsible for sanitizing all equipment before and after use. Masks are to be worn AT ALL TIMES in all facilities and in all common areas. All other state, federal and city guidelines must be adhered to. This includes, but is not limited to, social distancing guidelines.

The office is still closed but residents are encouraged to make an appointment to address any concerns. Residents will be required to wear a mask and follow all other health and safety guidelines.

At this time, the transmission of Covid-19 is still being investigated. We at Rincon Country are following all CDC recommendations necessary to protect our residents and employees.

USE OF ALL FACILITIES AT RCMHP ARE AT YOUR OWN RISK!!

Individuals may be asymptomatic and not easily identified as potential carriers. We are all working together to protect our community!

THANK YOU

Rincon Country would like to take this opportunity to say "THANK YOU" to all residents for bringing food to help our residents during these pressing times.

CELEBRATION

We would like to take this time to **congratulate** the employees of Secureone, Libby Beemer for achieving Employee of the Month, and Charleen Skillman for Supervisor of the month.

 LIFE'S LITTLE INSTRUCTIONS

President's Corner

By Gari-Sue Greene

Happy Thanksgiving to all of you.

Finally, some cooler temperatures are with us. We are now able to sit outside and drink our morning coffee! The sun is setting earlier, and I see people riding their bikes, taking early evening walks and our residents have started putting out Halloween and Thanksgiving decorations.

Speaking of Thanksgiving, Roadrunners has asked that management cater a Thanksgiving dinner for residents in the park. I have no final answer for you on this, I'm still waiting. We have so many residents without family nearby and holidays can be difficult for many people. The office usually provides this and we are hopeful they will continue to do so. The other amenities still remain closed, which leaves us without a library, exercise room and a club house. We all hope for this change soon.

A special thank you to Bonnie Loftus for serving on the Road Runner Board as three-year Board member. After receiving her resignation, Cheryl Cooper has volunteered to fill that position. We still have openings for Secretary-Treasurer so if you are interested, please contact me.

Last but not least, remember to Vote on November 3rd. Every vote counts. Stay healthy.

Gari-Sue Greene, President Roadrunners

Nominations for the 2021 Roadrunners Board are held in November. Voting is done in December and the Board takes over in January 2021. At the moment we are without a chairperson and we need one in order to proceed.

One other suggestion from a past member of the Board was to keep the current Board members. All of the planned 2020 functions were canceled because of Covid-19. The 2020 RCMHP only actually served for two months as things shut down in the park.

The current board members are:

Gari-Sue Greene, President
Maxine Abelowitz, Vice-President
Secretary, vacant
Treasurer, vacant
Past President, Sally Calley
3rd Year Board Member, Cheryl Cooper (who took over the vacancy of Bonnie Loftus)
Donna Leslie, 2 year Board Member
Jasmine Lane, 1 year Board Member

I hope someone steps up to take the lead here. I will provide all the information you need. Thank you for your help.

An Independent Woman, Part 4

By Gari-Sue Greene (continued from October issue)

But, little did I know that because of who he was and his background, that he would launch me into a career of an international researcher and make me famous.

Enter Tracers, Ltd. Adoption Search and Support
Continued from installment 3

George's parents came the week before the wedding. It was awkward because we were already living together, which was against their morals. It was a bit uncomfortable for me to say the least. We were sitting in the living room and I'm looking at his mom and dad and he doesn't look like either of them. I said it out loud. They kind of smiled and said that's because he was adopted shortly after his birth. "You're adopted? Why didn't you tell me?" Well he just hadn't gotten around to it. It was no big deal to me until....

We were married January 2, 1978 at noon, and it was a lovely wedding. We spent our honeymoon at the Copper Queen in Bisbee. Oh, did I forget to tell you that I was infertile? I was on birth control pills to regulate my cycle and threw them away in February. I never got a period, I got pregnant.

I knew I was dying of cancer when I went to the doctor, sick as a dog I was. He told me I wasn't dying, I was pregnant; I told him he was nuts. But lo and behold that man had gotten me pregnant. I was sick all through the pregnancy, many problems and went into labor two weeks before my due date. C-section and misery. He was jaundiced and under the lights.

I shall never forget this moment. David was delivered, George was in the operating room and when they handed David to George, he opened his sterile gown and held David to his chest. There were tears in his eyes and I asked him why he was crying. He said, "This is the first blood relative I have ever known."

We left the hospital five days later.

That night, after midnight, the hospital called and said we needed to bring David back there. There was a problem with his bloodwork. Guess what, they asked for a medical history. I had mine; George had nothing. He was adopted.

Well, it turned out we took him back to the hospital and they retested his blood. Whomever ran the first test, read the results incorrectly. There was nothing wrong with David. He was fine. They never charged us for his medical care. I think they were afraid we would sue but since we are not the suing type, we just dropped it.

But there it was, no medical history for George. I am a stay-at-home mommy but after about a year and a half, I needed to get my brain working on something.

I started my own company, GSZ Unlimited. I worked on a consultant basis for attorneys who did heir searching. For those of you who

might not know what that is, I'll explain. If someone dies with an older, outdated Will, beneficiaries who were around may have died. An heir searcher goes looking for the heirs, finds them, and tells them about the inheritance. They sign a contract and for a fee I take their information to the attorneys and get them their money. I made a nice living that way, but something was missing.

I told George one morning that I was going to start a company called Tracer's Ltd. I was going to be an adoption searcher and reunite people who had been separated. George, my wonderful husband, was my first case. It took three months to find his birth mother. She was delighted to be found. The reunion was in San Diego and was televised over the 4th of July weekend.

We left Tucson because in 1980 our 2nd son Michael was born. There was no work for George and so in 1981 we moved to a small suburb north of Chicago and I was just getting started. I contacted the local mailbox paper, spoke to the editor and asked if there was a section regarding new businesses. She said yes and asked me what the business was. I told her I reunited adoptees and birthparents. There was a pause in the conversation. She told me she was adopted, and could I find her birth mother. I did and she did a wonderful story on me.

A woman in the next town called me and hired me to find her son. She had given him up at birth, she was too young, he was sickly, and they weren't sure if he would survive. Even though birth mothers normally don't get to name their babies she did. She decided to call him Timothy.

I found him right before Christmas. The Chicago Sun-Times decided to interview me. I was expecting the article to be in the Human-Interest Section. Much to my surprise, I made the front page of the Sun-Times. "Once Lost Tiny Tim now Found." I was launched internationally.

I threw myself in to this work. I worked hard and long and was so gratified when I could bring families together. I received the most wonderful holiday cards from client with pictures and updates on how their reunions had progressed. Some clients only wanted health information, others became family members and most of my reunions were positive.

My work paid off mentally, spiritually and financially. I felt good about myself. I felt good about the work I did and how lucky I was to have found a job that I loved working at. I loved being my own boss. I still do.

I was contacted by the Chicago Attorney General's office saying I was to cease and desist from Tracers, Ltd. because I was practicing private investigating without a license. I told George and we left Chicago and moved back to Tucson in 1986.

Happy to be back in Tucson, we thought life was going to settle down....
